Work Experience:

***Graphic Designer* | *CAN CAT - Escobar* | October 2025 - Present**

- Static and video ads for e-commerce, focused on conversion.
- Packaging and product design with an aesthetic and functional focus.
- Audiovisual content editing.
- Sales presentations.
- **Achievement:** I built a performance-driven approach, bringing together design, e-commerce and business goals so that every project connected creativity with clear results.

***Community Manager/Content Designer* | BBPR Gastro | July 2026 - August 2026.**

- Design of graphic pieces and visual content for social media.
- Planning, preparation and publishing of content on digital platforms.
- Adaptation of pieces and formats for each channel, keeping the brand's visual identity.
- Content management and continuity of the publishing calendar during a temporary cover.
- **Achievement:** A freelance, temporary cover in which I quickly adapted to the brand's identity and dynamics, took over the design and publishing of content and kept its social media running without interruption.

***Graphic Designer* | CREATIVE FORGE - United States | February 2025 - June 2025**

- Design of digital ads optimized for performance on Meta Ads.
- Development of visual pieces focused on conversion and digital communication.
- Adaptation of creatives to different ad formats.
- Work within visual guidelines and digital campaign goals.
- **Achievement:** I produced the creatives for performance-driven campaigns in an international context.

***Graphic Designer* | GLOW TECH - Boulogne Sur Mer | January 2022 - February 2025**

- Visualizations for LED neon signage.
- Modeling of stands and structures for events.
- Selection of materials for production.
- Production follow-up and adaptation of proposals to technical requirements.
- **Achievement:** I combined visual and three-dimensional design with production and materials criteria.
